

CHEMISTRY

The following list is a representative sample of job titles of former graduates with a chemistry major. Use this as an idea list, and remember that it represents some, but certainly not all, of the careers you might consider.

Students obtaining employment immediately upon graduation are usually those with the best college records and a willingness to relocate to find a job. Some of these jobs also require education beyond a bachelors' degree.

Related Career Titles for Chemistry Majors

Cytotechnologist	Agricultural Scientist	Occupational Safety Specialist
Environmental Health Specialist	Assayer	Perfumer
Fire Protection Engineer	Biochemist	Pharmaceutical Sales Representative
Food Scientist Technician	Brewer Lab Assistant	Physician
Forensic Chemist	Cepalometric Analyst	Planner
Genetic Counselor	Chemical Oceanographer	Plastics Engineer
High School Teacher	Chemistry Technologist	Product Tester
Hospital Administrator	Clarifying Plant Operator	Quality Assurance Manager
Hydrologist	College Professor	Risk Manager
Industrial Hygienist	Color Development Chemist	Science Lab Technician
Molecular Biologist	Crime Lab Analyst	Soil Scientist
Tissue Technologist	System Analyst	Toxicologist
Vector Control Assistant	Underwater Technician	Veterinarian
Water Purification Chemist	Wastewater Treatment Chemist	Yeast Culture Developer

Chemistry Major Skills:

Developing theories	Science and math ability
Conduct research	Perseverance
Attending to data	Analytical skills
Curiosity	Follow through skills
Utilizing formulas	Perform experiments
Process data	Observation and decision making
Work independently and in groups	Technological skills
Oral and written communication	Remain objective
